Mrs. Arthur Pickus, president of the Southwest Temple Beth Torah's Sisterhood in Gardena, will head a delegation from her sisterhood to the 15th annual conference of the Pacific Southwest branch of the National Women's League of the United Synagogue of America.

It will be held April 30 and May 1 at the Valley Jewish Community Center in North Hollywood. The delegation will attend the plenary session and help elect new officers and directors from 50 Sisterhoods of Conservative Congregations from four Western states.

THEY WILL devote the two-day session in studying, learning and exchanging ideas on all phases of sisterhood work. Theme for the conference is "Make Our Eyes See, Our Hearts Understand."

Conference chairman for the sisterhood is Mrs. Seymour Sorashevsky.

The sisterhood has been honored by a request to repeat an original skit from National Women's League, "Escapist Jewess," for the Torah Fund Workshop. Sisterhood performers will be Mmes. Easter Sequel Scheduled at Calvary Church

Designed to be a sequel to the Easter message, the 11 a.m. Sunday sermon topic "The Coming Resurrection Day" has been announced by the Calvary Baptist Church, 2818 Manhattan Beach Blvd.

Pastor H. Earl Kuester's sermon will seek to reveal what the Scriptures teach regarding the events of the coming climactic Resurrection Day and nature of the resurrection body of Christian believers. The pastor stated that Christ's resurrection is the guarantee of the future resurrection of his followers.

The Timothians, a group of the church youth who are committed to full time Christian service, will be in charge of the 7 p.m. evening service. The message time will be divided between several of them with leading parts being taken by Greg Spencer and Sandra Rayes.

Pastor Kuester will officiate at a service of believers baptism early in the program.

MOVING DISEASE

The origin of lung cancer isn't as simple as it seems, a scientific report indicates. About half of reported cases stems from cancers that began in the lung. No one knows how many of the others began elsewhere in the body and spread to the lung. Lung cancer accounts for about two per cent of annual deaths.
